Dear FCC:

I am writing to complain about the proposed changes to the Universal Service Fund and requesting that the FCC investigate this matter further before changing the current policy. Your proposed \$1.00 per month charge for all wireless phones will directly impact my ability to retain my wireless service.

I do not think it is fair to charge EVERYBODY \$1.00 dollar regardless of how they use their wireless phone, especially for a low-volume user that relies on wireless service for safety and security, not interstate calls. The current policy is fair, based on interstate usage, and should be left alone. Please do not penalize us. Keep this fair.

Tracfone is supposed to be an inexpensive way to have the security of a cell phone. For me, i have two kids, going to school full time and need a phone with me at all times for emergencies. What if my kids were to get sick or i would have an accident. My credit is horrible and can not get another cell phone. I don't use it a whole lot but i need to have one for the kids.

Thank you for your prompt attention to this matter. Please provide a written response indicating the status/resolution of this matter.

Very truly yours,

Tina Cross
